2000 Analytical Review DWCCA-3680-PJL

Dear Mrs. Mitchell:

The Public Service Commission staff is in the process of completing an analytical review of your utility's 2000 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that this review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

1. Please provide a more detailed description for both the \$29,054 reported in Account 145 and the \$58,016 reported in Account 233 of Page F-18, Balance Sheet End-of-Year Account Balances.
2. As directed in the head notes for the Water Services schedule on page W-16, please provide an explanation of how the new services reported as added during the year were financed and follow this procedure in the future.
3. As directed in the head notes of the Water Operation & Maintenance Expenses schedule on page W-5, please provide an explanation of the change in Account 640, Supplies and Expenses compared to the previous year and follow this procedure in the future.
4. In the footnotes of the Water Utility Plant in Service schedule on page W-8 it is reported that \$49,560.98 was spent on the CRA project. Please reconcile the difference between that amount and the \$41,374 reported for contributions for mains and services on page F-17.
5. In the footnotes of the Meters schedule on page W-17 it is explained that "No meters were tested during the year as recommended in prior report reviews." Please note in the enclosed copy of our letter dated December 28, 2000 regarding our review of the utility's 1999 report that we addressed the need to test the large water meters. Please submit a plan within 60 days describing your efforts to bring your utility in compliance with the Wisconsin Administrative Code or reasons why your testing periods should be extended. If you have questions in regard to this matter, please contact Bruce Schmidt of our staff at (608) 266-5726.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 60

## WATER OPERATING SECTION FOOTNOTES

---

### Water Operation & Maintenance Expenses (Page W-05)

Per review:

re: a/c 640, utility had large water testing costs in 1999 as a result of floods, very little in 2000.

---

### Water Utility Plant in Service (Page W-08)

49,560.98 spent on CRA project for mains, hydrant and service were financed by Community Referral Agency. \$31,288.35 spent on East Main St water main extension for mains hydrants and service was financed by utility. Special assessments are expected to be levied in 2001. \$82,941.24 spent on water main loop in TID District #2 for mains hydrant and service was financed by the district. Construction work in progress at yearend of \$93,101.35 was funded by a General Obligation Note from the polk county bank. Assessments are expected to be levied at completion of the project.

Per review:

\$49,560.98 above should be revised to \$46,186.03 broken down as follows:

Streets: \$28,931.85

Water:     \$ 9,560.98

Sewer:     \$ 7,393.20

For more info see attachments 2 & 3 to utility's reply received at the commission on 7/26/01.

---

### Water Services (Page W-16)

Per review:

CRA assessed actual cost/L. Voss hookup fee, \$106,700 borrowed for water additions, remainder financed by utility.

---

### Meters (Page W-17)

No meters were tested during the year as recommended in prior report reviews.

---

### Hydrants and Distribution System Valves (Page W-18)

Only 55 hydrants were operated during the year
